Honest

Education

Cert IV Screen & Media
TAFE Hunter · 2019

Web Design for Everybody
University of Michigan · 2016

Web Developer Bootcamp
Colt Steele · Incomplete

Experience

2 Creative Media · Digital Designer
Feb 2018 → Dec 2019 (2 years)

I designed, built and maintained websites. I also wrote content for websites, email newsletters, social media posts and radio ads. I produced images and videos for social media campaigns, TV/cinema ads and YouTube videos.
I learned to work with clients through clear and purposeful communication. I also learned to work in a team, manage my work calendar, optimise my work processes and listen to feedback.

Redback Solutions · Web Developer
Jan 2020 → Apr 2020 (3 months)

I worked as part of a specific team in a larger workplace – using work resources and following specific processes for workplace communication and team accountability.
I learned to use WordPress and various plugins to build advanced websites for clients with more complex needs, such as functioning e-commerce and other dynamic web content.

Freelance · Web Design/Developer
Jun 2020 → Jan 2023 (2.5 years)

I took contracts both with clients and with web development companies. I learned to manage a business and keep myself motivated.

Hunter Bible Church · Ministry Apprentice
Jan 2022 → Dec 2023 (2 years)

I stopped traditionally working to spend 2 years in intense, 6 days per week hands-on leadership training at a church. I built and led teams of volunteers, mentored up to 8 people on a weekly/fortnightly basis and taught the Bible through sermons and Bible studies.
I learned to set and communicate vision, develop people, individually or collaboratively organise events and measure outcomes by their effectiveness in accomplishing previously defined purposes.
